MEMORANDUM FOR: MR. DULLES

SUBJECT : Proposed New Headquarters Building - The  
Langley Site

1. This package contains, in the order listed, the following:

a. Staff study of the problem, "Should we persist in our intention to locate our new building at Langley?" (Tab A)

b. Significant excerpts from the record of comments made at the NCRPC meeting on 5 December 1955. (Tab B)

c. Significant excerpts from comments of those who voted in favor of Langley at the NCPC meeting of 16 December 1955. (Tab C)

d. Draft letter to the Chairman of the National Capital Planning Commission. (Tab D)

e. Report of the Chairman, NCPC, to us dated 16 December 1955. (Tab E) You will note that this includes the report which the NCRPC made to the NCPC.

f. Full transcript of the NCPC meeting of 16 December 1955. (Tab F)

2. You may wish to read all of this to get the full flavor of the meetings. However, I believe that the package is fairly well analyzed in our staff study (Tab A) and that the principal points on which the controversy has and will continue to hinge are highlighted in Tabs B and C.

3. I have a feeling that there are some of our very senior personnel who may not be in full accord with my views. Recommend that you discuss this line of action thoroughly at a meeting of those who attend the Deputies' Meeting, plus Norman Paul, Larry Houston, and Gates Lloyd.
